ALTERA FINANCE REGISTERED A REAL ESTATE FUND

Altera Asset Management registered its new corporate investment fund for real estate management – Closed Undiversified Corporate Fund Altera Finance – Real Estate Fund.

The new fund targets premium market segment. Fund investment strategy focuses on real estate and shares of Ukrainian enterprises. The entrance investment totals to UAH250 thousand. It is the first own fund of Altera Asset Management. Fund launch is planned for the end of May 2008.

“We expect that world real estate market crises will not affect Ukrainian market substantially, as here demand is considerably higher than supply. By establishing this real estate fund, we offer an opportunity of effective investment in a continuously growing real estate market”, says Sergey Klenin, Managing Director of asset management department, Altera Finance.

In order to serve its clients in the most effective way, Altera Asset Management actively expands its line of financial products and has further plans to open new funds for attracting investments both in Ukraine and abroad.

Altera Finance is an investment group providing asset management and investment banking services. With headquarter in Kyiv and regional office in Donetsk Altera Finance conducts projects for local and foreign investments attraction, M&A, business reconstruction and consolidation, brokerage and custodian. Besides, Group invests into its own funds in Ukraine. Altera Finance has a broad partner network, cooperating with NYSE Euronext, London, Frankfurt, Warsaw, Prague and Vienna Stock Exchanges as well as with more than 100 partners in different EU countries – investment banks, auditors, brokers, legal and tax consultants.
